

TEST

TEST

An overhead projector with a white sheet of paper inside. The word "TEST" is printed in large, bold, black capital letters. The projector has a black frame and a white base. A power cord is visible on the right side.

A digital display device, possibly a small monitor or a specialized keyboard, is shown against a light blue background. The device has a white rectangular screen in the center, which displays the word "TEST" in large, bold, black capital letters. The screen is framed by a dark grey or black border. On the right side of the device, there are two cables: a yellow one at the top and a black one at the bottom. At the bottom of the device, there is a small control panel with a blue button on the left and a red button on the right, with some small, illegible text between them. The overall design is simple and functional.
